Help Us Celebrate Sixty Years of Stupidity!

In 1937, Congress enacted the Marihuana Tax Act, in large part to help deport illegal aliens. Sixty years later, we are still saddled with this hopelessly antiquated and dubiously conceived legislation. Even with recent small but significant victories, our plight is far from over. Persecution still abounds, and many innocents are still incarcerated. All this for a plant whose textile, medicinal and myriad other uses have long been documented. Please join us in our fight to "free the herb."

One of our most immediate goals is the million-signature petition, to be delivered to lawmakers, demanding the repeal of cannabis prohibition. Help us meet this goal by becoming a member of the ACS.

Become a Card-Carrying Member of the ACS!

Since 1978, the American Cannabis Society (ACS), with its President, Bob Kundert, has fought tirelessly to end this insanity and make cannabis the "free" herb it was originally created to be. With our 20th anniversary upon us, you can do your part by becoming a card-carrying member of the ACS. Here are two easy ways to join:

- * \$13 & up level: Includes laminated Membership Card (personally signed by "Pres Bob" himself); FAQ sheets about cannabis hemp (suitable for research papers & amazing your friends!); and petition packet. Get 15 signatures on each petition sheet and return them to us. Also, write your congressional representatives and tell them you want cannabis freed from any government restriction or control.
- * \$28 & up level: Includes all the benefits of the \$13 membership plus the exclusive, classic "Thank You For Pot Smoking™" T-shirt.

Get cool stuff!
